# Product Discontinuation Notification

December 8, 2017

Dear Valued Customer,

Canare Corporation of America acknowledges the obligation to promptly inform our customers of intent to exit products to enable our customers the ability to prepare for alternatives and assist in their product portfolio renewal process. Our intent is to support some products for limited quantities in order to allow for future planning by all of our customers. This letter serves as formal notification that Canare Corporation of America is discontinuing the production of the following products. Therefore, we will be able to offer last time buy opportunities to support your needs.

With this notification Canare Corporation of America extends the opportunity of limited quantities buy for the products listed below.

BCJ-JR & BCJ-JRUD

Canare Corporation appreciates and values our business relationship and looks forward to your continued interest in our upgraded products as our replacement products. While we regret any inconvenience this announcement may cause, we are eager to supply your future product requirements with the following upgraded products:
